

2008 Vendor Roundup

Calling all vendors! We are gathering information about the following systems:

- Electronic Medical Record
- Patient Management
- Billing
- Electronic Health Record

This information will be shared with providers and system administrators who are looking for software that meets their immunization tracking needs. Your software is critical piece in the effort to improve the health of children and adults. We want to make sure you are not left out.

How to participate:

1. Fill out the 2008 Vendor Roundup survey.
2. Send to nathan@immunizehouston.org.
3. Review final survey and approve.

If you would like more information about this program, or to ask for information about how your software can improve its support for immunization programs, please contact:
